

Keeping up with Technology - Workshop Friday August 17, 2018

Understand How to Use your iPad & iPhone in Five Easy Sessions. We are happy to announce that due to the success of the last series of workshops, we are offering this course again as a chance for more of our D22 members who wish to become proficient and confident with their mobile units. The Fall Workshops will include the new and hidden features in iOS.11 as well as troubleshooting, internet and email security and information on iCloud. (Please note that we will be working with iOS.11 in anticipation that participants will have upgraded to the new operating system which is currently 1OS.11.2.6.) Improving your skills will be easy as Pamela Tabak, our instructor, will work along with you on your mobile units.

Friday, August 17. *The Essentials*: This session will be ideal for those just getting started as well as those who can benefit from a thorough review. Topics will include Airplane mode, Bluetooth, Keyboard Shortcuts, iCloud Backups, Apps and many more topics. A “take-home” list of the subject covered will be provided at each session for future reference.

Other sessions will be held **Friday September 7 & Friday September 14**. The dates in October will be published in the fall newsletter and posted on the website.

All sessions will be held 9:30 – 11:30 a.m. at Tapestry at Village Gate West. Summerland Terrace. Toronto and will cost \$10 per session. Please contact Sheila Tait at smtait@sympatico.ca if you wish to attend.
